

Close colorectal cancer care gaps by reaching members at home.

BioIQ offers the only comprehensive at-home screening solution for CRC.

- ▶ Alerts & Reminders
- ▶ Multi-channel Communications
- ▶ Program Analysis
- ▶ Physician Orders
- ▶ Easy-to-read Lab Reports
- ▶ Test Kit Deployment & Processing

About BioIQ's FIT Kit

- ▶ Inexpensive front-line screening option leads to fewer unnecessary colonoscopies
- ▶ Can be completed independently at home using a single sample
- ▶ Automated processing eliminates human error and reduces costs
- ▶ Significantly more specific (fewer false positives) than any manual FIT*
- ▶ The only FIT test called out by name by USPSTF, ACS, CDC & ACG

*Fecal Immunochemical Test Program Performance Over 4 Rounds of Annual Screening: A Retrospective Cohort Study," Annals of Internal Medicine, April 2016

How it Works
